Museum Exhibits

Puppets: The Power of Wonder

Guests can enjoy the interactive *Puppets: The Power of Wonder* exhibit, which displays over 350 puppets from around the world representing various time periods, artists, puppetry styles, and cultures. Puppets featured include Jim Henson's "Pigs in Space," Wayland Flowers' "Madame," Indonesian shadow puppets, and many others.

\$250 for after-hours events

Group rates available for events during regular business hours

Exhibits

In 2007, the family of Jim Henson proposed a gift of 500-700 puppets, props, scenic elements, posters, sketches, drawings, films, and videos to be housed in a newly planned Jim Henson Museum at the Center. As a result, the Center is home to three special exhibits that provide a preview of the future Jim Henson Museum. *Jim Henson: Wonders from His Workshop* provides a glimpse of more than fifty years of innovation and highlights unforgettable Henson creations such as Big Bird, Mokey Fraggle, Emmet and Ma Otter, and Sir Didymus. *Jim Henson: Puppeteer* and *Jim Henson: A Man & His Frog* are also on long-term display.

The Magic of the Center Tour

Go behind the scenes and see where the magic begins! This tour will give you a special peek at the largest non-profit organization in the U.S. dedicated to puppetry. You'll visit the Puppet Workshop, the Scene Shop, Museum Storage, and our comprehensive Library devoted to puppetry.

For groups of 10 or more; group pricing available; 45-60 minutes in length

Performances

Entertain your guests with a fun-filled performance in one of our theaters! Both the Center's resident company and visiting artists offer family productions enjoyable for all ages. In addition, entertaining performances geared toward teens and adults are presented in the Downstairs Theater throughout the year. Visit www.puppet.org/perform.shtml for a listing of upcoming shows.

Group rates available for regularly scheduled performances

Rates vary for private after-hours performances

Puppet Making Activities

Guests can enjoy a creative and educational experience while at the Center! Special puppet making activities for all ages allow your guests to build, decorate, and learn the manipulation techniques of their very own puppet. The Create-A-Puppet Workshop and Puppet Factory are a fun and exciting addition to any family-oriented event. The Center's Education staff can also tailor educational activities to fit your company's needs -- they're great for team-building workshops or just for learning about the art of puppetry!

Rates vary based on activity
